By BriBri....for anyone who knows Rabbi Kahane's ZTL writing, then you will love this book. For those

being introduced to the Rabbi, will be riveted. It chronicles the JDL's climb from a small group in Brooklyn to international headlines, and I should know, I was there with the Rabbi. This is an honest account of the early days of the JDL, straight through the eighties etc. If you appreciate what the JDL has done for the Jewish People, then you will love this book, it's true in every way, like I said, I was there.....Shalom

The exciting and authentic story of the creation and exploits of the JDL, by its founder.
