Rhys L. Isaac : The Transformation of Virginia, 1740-1790 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Transformation of Virginia, 1740-1790:

0 of 0 people found the following review helpful. Fascinating read on colonial Virginia By Athena Isaac gets into the heads of colonial Virginians in an amazing way. He looks at everything that one might see or experience and examines it for its symbolic meaning. For example, one question is, "How did Virginians show social prestige through their architecture?" He looks at the typical lay out of people of different wealth and shows how the structures reflect social values. Very interesting. 11 of 15 people found the following review helpful. Isaac uses an anthropological view to describe colonial VA. By A Customer Through a meticulous description of daily life in colonial Virginia, Isaac clearly illustrates the engines and motives that shaped present Virginia. Used as a tool the book is effective in explaining exactly what colonial Virginia was and how it assumed its present form. Read leisurely, the book is an engaging tale of the ends which produced America, including its psychological and political trends.

In this Pulitzer Prize-winning book, Rhys Isaac describes and analyzes the dramatic confrontations primarily religious and political that transformed Virginia in the second half of the eighteenth century. Making use of the observational techniques of the cultural anthropologist, Isaac vividly recreates and painstakingly dissects a society in the turmoil of

profound inner change.
