**Frederick Binder, David Reimers : The Way We Lived: Essays and Documents in American Social History, Volume II: 1865 - Present** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Way We Lived: Essays and Documents in American Social History, Volume II: 1865 - Present:

3 of 3 people found the following review helpful. One of the Best History Books I Have ReadBy Slang93I was not excited to be reading this book and taking a History class, however, once we began having to read it, I discovered that

this book is actually very well written. It is full of different stories that help to show how the different events in history happened and give a better view of the subjects being studied. This was a history book that I actually liked to read. 1 of 1 people found the following review helpful. Good book  
By jcole  
This book was assigned as the course text book for a history course I'm taking. It's a really good read. 0 of 0 people found the following review helpful. Garbage!  
By Joseph  
Absolute garbage book. Every chapter seeks to reinforce how racist America is and was. Nothing of any of the positive things about this country can be found.

This popular reader uses both primary and secondary sources to explore social history topics and sharpen your interpretive skills. Each chapter includes one secondary source essay and several related primary source documents. Chapter introductions tie the readings together and pose questions to consider.

Part I: THE EMERGENCE OF AN URBAN, INDUSTRIAL SOCIETY, 1865-1920. 1. Reconstruction: Triumphs and Tragedies. Essay. Mark Andrew Huddle, "To Educate a Race." Documents. A Letter "To My Old Master," c. 1865. The Knights of the White Camelia, 1868. "We Are Literally Slaves," 1912. 2. The Last Frontier. Essay. Jack Chen, "Linking a Continent and a Nation." Documents.
